

National
Multiple Sclerosis
Society

Thank you!

March 20th, 2019

Dear Gwenna,

Thank you for your generous gifts to help end multiple sclerosis. As a person who cares about the challenges of MS and wants to do something about MS now, your support is deeply appreciated.

With 2.3 million people living with MS worldwide, it's hard to believe that one person's support makes a difference. But rest assured, your dollars are now at work accelerating life-changing breakthroughs that enable people to live their best lives today and that will ultimately end MS forever. Thanks to YOU...

... a worried father was able to call an MS Navigator and get the information and resources he needs to help his son better cope with the challenges of MS.

... a newly diagnosed young mother found support and a caring community to help her feel less alone.

... a husband with shattered career plans found vocational guidance and new job options.

... we are one step closer to funding research that will STOP MS in its tracks, RESTORE what's been lost and END MS forever.

Your giving means so much to everyone who envisions a world free of MS. Your support could help us make the next breakthrough! I am very grateful for your generosity.

“ The National MS Society
comes through for me every time
I feel like things are hopeless.”
– Patti

Sincerely,

Cyndi Zagieboylo
President & CEO
